News from Representative Lauren Underwood

Hi Neighbor,

For too long, communities across northern Illinois have not had access to reliable, affordable internet. I've heard from teachers who are struggling to connect with students in online classes and workers forced to choose between risking their job or health due to poor internet access at home. Access to reliable internet has never been more essential than it is right now amidst the coronavirus pandemic, when we are turning to online resources for school, work, operating businesses, entertainment, and more.

I want to hear from you. Please take a moment to share your thoughts with me on this issue.
